Education

Student membership is available to persons enrolled in and pursuing an approved scientific or engineering curriculum in a school having, or eligible to have, a student section of the Society, or in the Naval Nuclear Power School, or in a similar institution approved by the ANS Board of Directors.

Highest degree you now hold _____

Degree for which you are now a candidate _____

Year in which you expect to receive your degree* _____

Institution from which you expect to receive your degree _____

*After graduation you are eligible for reclassification to professional membership.

Current or previous professional experience (if applicable)

Company Name _____

City/State _____

Job Title _____

Employed From: _____ To: _____

Professional Divisions

Dues cover membership in two divisions — please indicate your selections as primary, secondary, etc. (Ex. 1 – Human Factors, 2 – Reactor Physics, etc.); additional divisions are \$8.50 each.

Student Section Endorsement

This area is to be completed by the Faculty Advisor and Secretary of the ANS Student Section. If there is no ANS Student Section at the school, the student may obtain the endorsement of a faculty member who is an ANS member or current faculty member or student advisor familiar with the student's course of studies.

Student Section Faculty Advisor

I certify that the applicant is a student, regularly enrolled in and pursuing a degree in a scientific or engineering program.

Student Membership Dues & Member Subscription Rates

ANS memberships are for the calendar year. Students joining anytime after July 1, receive membership for the rest of the current year and all of the following year.

ANS publication subscriptions run on the calendar year and expire on December 31. Publication prices are for Jan.-Dec. 2012. For subscriptions beginning after the first issue of the year, back issues will be sent.

Student memberships include *Nuclear News* magazine. Students outside the U.S., Canada and Mexico, will receive only the online version of *Nuclear News*. For the print version of it and other publications, add postage.

	Amount	Postage outside US, Canada and Mexico	TOTAL
Student Membership Dues	\$ 28	+\$70	
Divisions (more than 2, add \$8.50 each)			
Publications			
Nuclear Technology Journal	\$160	+\$49	
Nuclear Science & Engineering Journal	\$145	+\$37	
Fusion Science & Technology Journal	\$165	+\$83	
Radwaste Solutions Magazine	\$ 45	+\$35	
Transactions	\$155	+\$24	
ANS Proceedings (3 on CD ROM)	\$155	+\$33	
TOTAL			

Total fee in U.S. funds must accompany application and be mailed to: American Nuclear Society • 72475 Eagle Way • Chicago, IL 60678-2475 Fax credit card applications directly to (708) 579-8295

If wire transferring funds, remit to:

Account No. 824941 • JP Morgan Chase Bank
10 S. Dearborn Street - 36th Floor • Chicago, IL 60603-2300
Swift Code: CHASUS33 Routing #: 021000021
WIRE TRANSFERS MUST INCLUDE MEMBER'S LAST NAME

American Express MasterCard Visa Diners Club

Card # _____ Exp. Date _____

Signature _____

To the ANS Board of Directors

I hereby apply for admission to the American Nuclear Society. I certify that the information I provided here is correct and that I meet the requirements for student membership. I also agree that if accepted, I will be governed by the Society's Code of Ethics (www.ans.org/about/coe) and Bylaws and Rules (www.ans.org/about.br) as long as I remain a member.

About the Society

The American Nuclear Society is a not-for-profit, international, scientific and educational organization. It was established by a group of individuals who recognized the need to unify the professional activities within the diverse fields of nuclear science and technology. December 11, 1954 marks the Society's historic beginning at the National Academy of Sciences in Washington, D.C. ANS has since developed a multifarious membership composed of engineers, scientists, educators, and students. It is governed by three officers and a board of directors elected by this membership.

The Society's main objective is to promote the advancement of engineering and science relating to the atomic nucleus, and of allied sciences and arts. Other purposes are to integrate the many nuclear science and technology disciplines, encourage research, establish scholarships, disseminate information, hold meetings for the presentation and discussion of scientific and technical papers, and cooperate with government agencies, educational institutions, and other organizations having similar purposes.

Student Membership Benefits

- *Nuclear News*, providing you every month with news, developments, and updates. *ANS News*, reporting bi-monthly on the activities of the Society.
- Access to the Career Center in the members-only section of the ANS web site, where open positions are posted and you can store your resume.
- The ANS Mentor Program, providing one-on-one learning from experienced industry personnel in your specific areas of interest.
- Membership in at least two ANS divisions, providing you with information and networking opportunities in your areas of specialty.
- Opportunities to form relationships and network with 11,000 other students, professors, engineers, scientists and professionals who represent all areas of nuclear science and technology.
- Opportunities to qualify and enter the Alpha Nu Sigma nuclear science and engineering honor society.
- Opportunities to receive scholarships recognizing academic excellence as well as scholarships for those with financial need.
- Opportunities to develop and present technical information at student conferences.
- Financial assistance for travel to ANS national meetings.
- Significantly lower ANS meeting registration rates.
- Discounted rates on *Nuclear Science & Engineering*, *Nuclear Technology*, *Fusion Science & Technology*, *Radwaste Solutions* and other Society publications.
