

2011/2012 Nuclear News Wall Maps of United States and Worldwide Commercial Nuclear Power Plants

The maps show the locations of all plants that are operable, under construction, or ordered as of February 28, 2011. Tabular information includes each reactor's generating capacity (in Net MWe), design type, date of commercial operation (actual or expected), and reactor supplier. **Note: United States nuclear power plants are shown on the U.S. map only, not on either of the worldwide maps.**
Map Dimensions: 39.5" W x 27" H. All maps are sent rolled (unfolded) and mailed in shipping tubes.
